Carrier	paper
Adhesive	PK6
Width (mm)	70
Length (m)	200
Type	Reinforced with fibres
Max. package weight	100 kg
Colour	nature, optionally printed (max. 2 colours)

PACKAGING INNOVATIONS

activaPaper® - gummed tape

This gummed tape from activaPaper® with a width of 70 mm seals all your packages securely and reliably. The tape adheres to virtually all types of cardboard and is also suitable for recycled cardboard. The moistened adhesive tape forms a firm bond with the underlying carton, which prevents unwanted opening during transport.

Your advantages at a glance

- Natural look and feel
- Temperature resistant from -30°C to +60°C
- Theft protection
- Easy to process
- Adheres securely to recycled cardboard
- Reinforced with fibres
